We waited outside for them to get here. When Zeke pulled up in the car with some girl, Tiff got out and the girls started arguing. Zeke & the girl got out the car, as Tiff made her way to stand in front of the door. They talked a little. Tiff fell back and opened the door, then Zeke pushed pass her, and everybody but me and tiff went in.

• the door that tiff stumbled on was the door to the residence.

• When we left 'social' around 2:15am, outside tiff and some girls were arguing and they started fighting. The fight lasted for about a minute. I was pulling her back from around her waist with my arm.
